

SRFMS observed World Environment Day on 3<sup>rd</sup> June by organizing, 'Build up outdoor classrooms and healthy open places on campus'

NSS in association with the Fire Safety Department organized a fire safety training program for the volunteers of Units 1 and 4 on 15<sup>th</sup> July. Mr. C. Manoharan, Fire Safety Manager, elaborated on the different types of fire & fire extinguishers and basics of fire safety. He oriented the students on 'RACE and PASS' rules of fire safety which was followed by hands-on training. 78 NSS volunteers were trained.

## INVITED TALK LIST

S.no	Name of the Faculty	Event	Title	Date	Venue
1.	Dr.S.Sankar	global online meeting - to employees of Global Finance Operations Center	Air Pollution – Threats and Remedies	26.09.2022	Chennai
2.	Dr.S.Sankar	Workshop on Designing and Implementing Air Pollution and Health Research Studies organized by CAPHER-India,	Air pollution and short-term health impacts	18.05.2022	New Delhi
3.	Dr.Kalpana Balakrishnan	Invited Plenary Speaker at the Workshop on Air Quality and Health	Talk entitled” Creating Seamless breathing Spaces in India: Where are we and where could we be headed”	May 17-19, 2022.	CAPHER, India at AIIMS, New Delhi
4.	Dr.S.Sankar	Speaker in workshop on designing and implementing air pollution and Health Research Studies	Talk entitled "Air pollution and Short-term health impacts"	May 17-19, 2022.	AIIMS, New Delhi
5.	Dr.Kalpana Balakrishnan	Invited Speaker at the Annual American Thoracic Society Meeting	Talk entitled ”Exposure Monitoring for Household Air Pollution: What is known and where could we be headed ”?	May 13-May 18, 2022.	Moscone Convention Center San Francisco, CA, USA.
6.	Dr.Kalpana Balakrishnan	Invited Opening Plenary Speaker at the Air Sensors International Conference	Talk entitled ”Creating seamless healthy breathing spaces in India: Role of low cost air quality sensors”.	May 10-13, 2022.	Pasadena Convention Center, Pasadena, CA, USA
7.	Dr.Kalpana Balakrishnan	Chair and panel discussant at the International Virtual Workshop	Talk entitled “Health Applications for Satellite derived Air quality: Opportunities and	April 29, 2022	Health Effects Institute, USA

S.no	Name of the Faculty	Event	Title	Date	Venue
			Pitfalls".		
8.	Dr.S.Sankar	Expert Guest lectures	"Emerging Environmental Threats and Health Risks"	29th April 2022	School of Bioscience and Technology, Vellore Institute and Technology
9.	Dr.Krishnendu Mukhopadhyay	Session Chair in the 10th American Society of Safety Professionals Conference	Co-authored the presentation on 'Household Ventilation Index – a control banding approach in indoor air pollution	April 28-29, 2022	NICMAR, Hyderabad

Subject: SRIHER-EHE: Field Visit for our students - reg.

To: <reachselva@gmail.com>, <reachselva@yahoo.com>

Cc: Arul Selvan <[arul@ehe.org.in](mailto:arul@ehe.org.in)>

Dear Sir,

Pl find below the details of the visiting group from SRIHER, tomorrow.

Total strength -99

UG Students-93

Bachelor of Occupational Therapy - 66

BSc Sports & Exercise Science – 27

Teaching Staff – 2

Vehicle Staff-4

#### **Objective of the Visit**

- Field lesson/classroom session on Environment-friendly farming practices
- Tree plantation activity
- Introduction to Heartfulness Meditation and an experience session on it

Contact Person

Mr. Arulselvan

- 9710404911

Thank you.

Regards,

P. Rajkumar - Lecturer

Dept. of Environmental Health Engineering

Faculty of Public Health

Sri Ramachandra Institute of Higher Education & Research

Porur
