

Herbal Garden

Nodal Faculty: Dr. A. Jerad Suresh Principal, Sri Ramachandra Faculty of Pharmacy, SRIHER

Email: principal.pharmacy@sriramachandara.edu.in

The department of Pharmacognosy, Faculty of Pharmacy maintains a medicinal herbal garden in 3 acres at Sri Ramachandra University campus.

- The green house stretched in an area of 1500 sq.ft. houses 100 species of plants of which 50 species are endangered and of rare collection.
- The plants raised in the garden are utilized for regular conduct of practical session for UG, PG & Pharm.D students.
- The research activities which involves medicinal plants are procured from the garden.
- The marketing initiation of selected medicinal plants viz. *Lippia nodiflora*, *Lawsonia inermis*, *Wedelia calendulacea*, *Indigofera tinctoria* has been undertaken and fresh medicinal plants are supplied to small scale herbal industries.
- The collection of all the medicinal plants are compiled in the form of book for ready references.
